MR. A. H. COVELL:

*Dear Sir.*—This is to certify that I was in the employ of the late Dr. C. L. SPENCER during the years 1866 to 1869, acting as clerk in his office, and having full charge of his Pharmacy, which was opened on his return from Europe, and at that time Queen of Pain was not in existence. But in the fall of 1872 or 1873 he compounded a preparation which he called the Great Spinal Stimulant or Queen of Pain which I sold for him at the stores in the surrounding country. The first Circulars issued by him was in the Spring of 1877.

Yours truly,

H. A. JENNEY.

P. S.—I can also state what induced the doctor to make the preparation called the Queen of Pain should you request it.

H. A. J.

— TO THE PUBLIC. —

This is to certify that I was in the employ of the late Dr. C. L. SPENCER for a great many years before his death, and having made the most of his different preparations for him according to his dictation, I can most candidly say that the QUEEN OF PAIN, and also the GREAT SPINAL PASTE OR SALT RHEUM CURE, as made by A. H. COVELL, are the genuine articles. I have seen his formulas for the same, and am positive that they are the original ones that were used by the late doctor himself, as I have seen them a great many times while helping the doctor to make the Queen of Pain and Great Spinal Paste. The Spinal Paste or Salt Rheum Cure was made a great many years ago, but the Queen of Pain was first made by the late Doctor Spencer about nine or ten years ago. Before that he made a preparation which he called Pain Killer, which is a different article altogether.

In presenting to our patrons and the general public the 21st volume of the New Bedford City Directory, we have endeavored to furnish a book of reference as near perfect as is possible for a work of this kind. The demand for the previous volume being so great that the edition was completely exhausted in less than thirty days after publication. The universal favor with which it was received was gratifying to the publishers, which they highly appreciate. We would urge upon the citizens the necessity of giving their order to the canvassers, or send them to the publishers, before going to press.

We have also added at considerable expense, a new enlarged colored map of the city. City Surveyor Drake has proved the same, with his usual care and skill, and it will be a great satisfaction to the publishers, if it meets the wants of a deserving and enterprising community.

We would respectfully call attention to our advertising department, where are represented the most reliable, business houses in this section and citizens would do well to patronize.

Persons consulting the directory are reminded of the importance of knowing the precise spelling of a name, before looking for it, as names pronounced the same are often spelled quite differently, and appear on different pages.

We take this occasion to express our thanks for the uniform courtesy and important assistance afforded to our agents in collecting information for the present number.

The following shows the names, etc.

## STREETS, COURTS AND AVENUES.

---

The streets of New Bedford, with a very few exceptions, are laid out north and south, and east and west. Those running north and south are numbered, commencing at Union street, and increasing each way, with the even numbers on the east, and the odd numbers on the west side. Those running east and west are numbered, commencing at the river, and increasing westerly, with the even numbers on the south, and the odd numbers on the north side.

The letters enclosed by parentheses, which follow the name of any street, signify the general bearing of such street from the City Hall. Thus, School street (S.), is *south* from the City Hall.

## LOCALITIES OF INTEREST

### IN AND ABOUT THE CITY.

**ACUSHNET.** This is a village usually known as the Head of the River, about three and a half miles in a northerly direction from the City Hall. The westerly part is in New Bedford, and the easterly part in Fairhaven, divided by the Acushnet river. The parts are united by a stone bridge. Pine Grove cemetery is near the village.

**ACUSHNET HEIGHTS.** That portion of our territory known by this name is in the northwest part of the city, commencing at the head of Willis street. Here are some of the most beautiful private residences of our city; and the view which includes the river, the harbor, the bay, and adjoining shores, villages and islands, is one of the finest in the country.

**BELLEVILLE.** This name was, many years ago, given to a spot on the bank of the Acushnet river, about one mile south of Acushnet village.

**CANNONVILLE.** A portion of the westerly part of the city, in the neighborhood of the meeting-house on the Smith's Mill road, is known by this name, thus called in honor of one of our citizens, whose labors in behalf of the people there will long be remembered.

**CITY COMMON.** This beautiful spot is in the north part of the city, and is bounded by County, Purchase, Pope, and Pearl streets. A very handsome monument, erected by the city, at a cost of about \$13,000 as a memorial to the soldiers and sailors who lost their lives during the war of the Rebellion, is located here.

**CLARK'S POINT.** This point forms the southerly part of the city. It has the waters of the Acushnet river on the east, and of Clark's Cove on the west. Its length is about two miles. At its southern extremity on the river side, is a large tract of land belonging to the United States; at the extremity of the point is a lighthouse, west of which the government has erected an extensive fortification. Around this point, a distance of about four and a half miles, is a road not surpassed by any public drive in this country. It commences at French avenue, junction Cove street (at the Orphans' Home), and follows the shore from thence along the western, southern and eastern boundaries of the point, until it terminates in the street where it has its beginning. It is eighty feet wide, smooth and level, and in its course commands a series of views of surpassing loveliness and beauty. The cove,

the bay, the river, the shores, the islands and ledges, the lighthouses, steamers and sailing craft of every description, the city on the one side, its sister town of Fairhaven on the other, and the noble bridge between, constitute a series of views, which render a ride or a walk over this road most delightful and attractive. The City farm and Almshouse is located on Clark's Point.

**FISH ISLAND.** The bridge from the city to Fairhaven passes over this island. Several wharves, an extensive coal-yard, an oil-factory, a marine railway, a soap factory and a boat manufactory are located there.

**FOUR CORNERS.** The space formed by the intersection of Water and Union streets. This has been a somewhat noted spot in our local history. Near this was erected the first village house, and it may still be regarded as a business centre. The banks, insurance offices, lawyers' offices, etc., are nearly all in this vicinity.

**PALMER'S ISLAND,** upon which the United States Government has a lighthouse, is at the mouth of the inner harbor. The main channel lies east of it. It affords a good protection from the high southerly winds.

**POPE'S ISLAND.** This island derives its name from a family long known and respected among us. The bridge, between the city and Fairhaven passes over it. It lies nearly in the centre of the River.

**ROCKDALE** is about one mile north of Cannonville, on Rockdale avenue.

#### GENERAL INSTRUCTIONS.

In case of a call for assistance from Fairhaven, Engine No. 2 will respond, and no other apparatus without special orders.

In the absence of No. 2 at Fairhaven, Nos. 4 and 5 will respond to No. 2's boxes.

In the absence of No. 1 at the Head of the River, Nos. 2 and 5 will respond to No. 1's boxes.

In the absence of No. 5 at the Head of the River, Nos. 2 and 4 will respond to No. 5's boxes

At an alarm from boxes 62, 63 or 64, No. 6 engine will take position in Central Engine-House, and respond to all alarms until the return of No. 2 engine.

At an alarm from boxes 73 or 74 No. 1 engine will take position in Central Engine-House, and respond to all alarms until the return of No. 2 engine.

Should an alarm be given from any box, except box 3, while a portion of the department is engaged at a fire, the return call not having been given, those remaining in quarters will immediately respond.

All second alarms will be given by pulling the box in the usual way.

Third alarms will be given by striking 22 twice.

General alarms will be given by striking 121 twice

One blow following an alarm will indicate a wire broken or burned off; in which case the engines responding to the second alarm from that box will respond the same as on a second alarm, but not go to work without orders.

Two blows, relief.

FREDERICK MACY, *Chief Engineer.*

Rates one cent, each ounce or fraction. If matter of two classes be inclosed in one package, the whole must be paid at higher rate.

Postal laws and regulations have been amended so as to permit transmission through the mails within the United States and territories, of liquids, except spiritous and malt liquors, not liable to explosion or spontaneous combustion or ignition by shock or jar, and not inflammable, and of soft soap, pastry or confections, ointments, salves and articles of similar consistency under certain conditions insuring safety to other mail matter in transmission.

**UNMAILABLE.**

The following articles are excluded from the mails: liquids, poisons, explosive materials; books, pamphlets, pictures, and other publications of an obscene or indecent character; all letters on the envelope of which, and postal cards upon which, scurrilous epithets are written, printed or engraved, or disloyal devices printed or engraved; and all articles which from their form and nature are liable to destroy, deface or injure the contents of the mail bags, or the person of any one engaged in the postal service.

**FOREIGN.**

On letters to all parts of Austria, Azores, Belgium, Denmark, Egypt, France, Germany, Great Britain and Ireland, Greece, Hungary, Italy, Luxembourg, Montenegro, Netherlands, Norway, Portugal, Romania, Russia, Servia, Spain, Sweden, Switzerland and Turkey, five cents per half ounce or fraction thereof; prepayment, except on registered letters, optional.

Two cent postal cards can be forwarded to any of the above foreign countries.

On newspapers and books, 1 cent for each two ounces or fraction.

Coin, jewelry, and articles subject to custom's duty, are excluded from all foreign mails.

Rates of postage to foreign countries other than as above, being subject to change each month, inquiry should be made at the foreign department for ruling rates before mail matter is deposited in the office.

All mail matter, except letters, must be so wrapped or enveloped that their contents may be readily and thoroughly examined by postmasters without destroying the wrappers.

**SPECIAL DELIVERY SERVICE.**

By recent Act of Congress, the special delivery system heretofore in effect only in cities and towns having a population of 4,000 or upwards, has been extended to all post offices in the United States, to take effect Oct. 1, 1886.

The privileges of the system have also been extended to all classes of mail matter instead of being confined to first-class matter.

Accordingly every article of mailable matter, mailed at any post office in the United States, to which is affixed a 10 ct. special delivery stamp in addition to regular postage, will be delivered at Letter Carrier offices within the carrier limits, immediately on arrival between the hours of 7 A. M. and 11 P. M., and at any other post office within a one mile radius between the hours of 7 A. M. and 9 P. M.

**REGISTRATION.**

Fees—10 cents beside the postage.

Valuable letters should invariably be registered, or if money is to be remitted, a money order procured. Never inclose money or valuables in an ordinary letter.

**LETTER SHEET ENVELOPES.**

Issued only in the denomination of Two Cents.

**DIRECTIONS.**

WRITE - - - on the blank side. FOLD - - - the lower corners even with the cross perforations and then to the flap. SEAL - - - by moistening the gum at the sides and top. ADDRESS - - - on the side bearing the stamp. OPEN - - - by tearing off the ends and breaking the perforated line on top.
